DATES**

All the leaders meet in Rimini

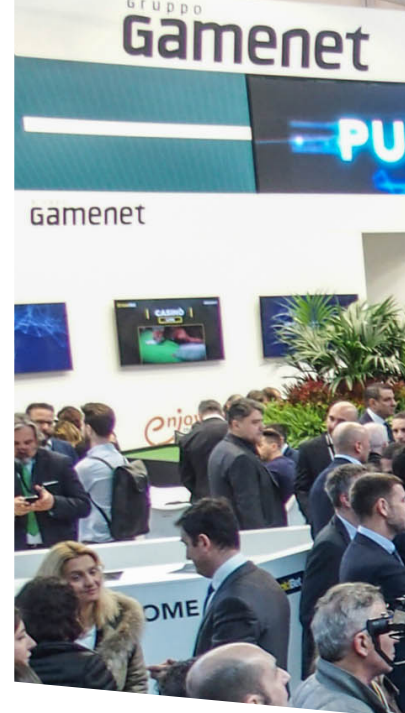

Enada Primavera is the most important Southern European trade fair dedicated to the gaming world, an unmissable event for the entire supply chain that offers trade visitors opportunities regarding:

BUSINESS: the event boasts more than 25,000 visitors over the three-day exhibition and the participation of all leading international firms;

NETWORKING: three days of dialogue among companies, buyers and managers; round tables involving national and international associations; business events within the trade fair district itself and at external locations;

VISIBILITY: the presence of all Italian trade media as well as the main international publications guarantee the event benefits from maximum media coverage.

THE PUBLIC:
25,000 visits over the latest three-day edition

THE INAUGURATION CEREMONY
with the participation of SAPAR, SAPAR Service, FEE Consortium, Euromat, IEG

MEETING with international Euromat delegates

NETWORKING between operators

BUSINESS meetings

Internationalisation, training and innovation to take on the market of the future:

companies can take advantage of a series
of special initiatives, training workshops
and sponsorship opportunities.

Thanks to the platform organised by IEG,
exhibiting companies can meet with **international buyers**.
The appointments are scheduled prior to the show.
The one-to-one meetings take place at exhibitors' stands
with the support of our international marketing department.

A training programme for trade operators
with conferences covering latest rules and regulations, market
analysis and international associative meetings.

A shop window to present and promote
new products, services and start-ups both before and after
the exhibition. An opportunity to showcase innovation and guide
trade visitors in search of new ideas.
